Invented in 1987, the Original Pipeknife® was the first commercialized urethane cutout / long knife tool. Current owner Dell Skluzak purchased the patent and equipment in 1993, starting a family of brands with over a 1,000 parts of unique auto glass removal products and accessories.

Today the PipeKnife® Company includes REID Cold Knife Tools and Blades, VaccuFlex, the VD-K Tool line of Quick Set tools and accessories, Frost Fighter Window Defrosting Repair Systems and Kits, Arctic Warmer Urethane Warming Bags, and ProSet Windshield Setting Tool.

The PHC Inc. brand of products is one of the largest manufacturers of auto glass removal tools and accessories. We sell worldwide to distributors in the AGR market. And Introducing the Luis Hernandez Line of Wire Cutout Tools (formerly know as The Unknown Tools), The PipeKnife lineup for Revolutionary Wire Cutout Tools Available in late 2026.

The PipeKnife® Company is proud to manufacture many of the items in the catalog in the USA, including 100% of our cutout knives. Our suppliers are located in Michigan, New Jersey, Kansas, Florida, Arizona and of course our home state of Colorado.

Thank you to all of our suppliers, distributors and technicians for your business.
